

Norton™ 360 Advanced

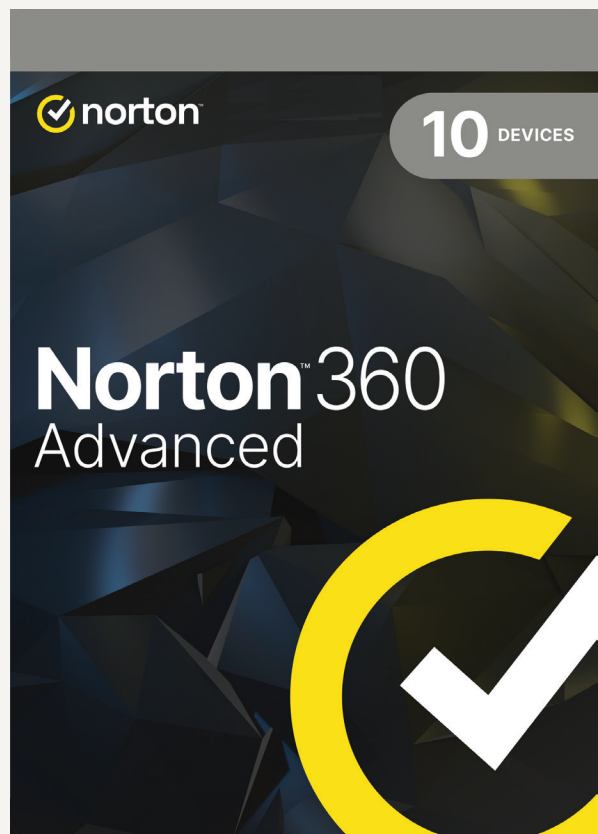

Protect your online privacy and your devices, and keep an eye on your credit score¹. All in a single solution.

Powerful layers of protection for your devices, online privacy, and identity - all in a single solution.

We monitor the dark web[§] and your social media accounts^{2,3} to help identify risks to your personal information.

Plus, with Credit Report & Score¹, you can track your credit score, and monitor any changes to it with Credit Alerts¹.

If you become a victim of identity theft, our dedicated Identity Restoration Specialists know the steps you should take to help you restore your identity.

Features

Real-time Threat Protection

Advanced security with antivirus helps protect against existing and emerging online threats to your device, and helps protect your private and financial information when you go online.

Parental Control[‡]

Manage your children's activities online. Help them explore, learn, and enjoy their connected world more safely on their PCs or smartphones.

Password Manager

Tools to easily generate, store, and manage your passwords, credit card information and other credentials online – more securely.

PC Cloud Backup^{4,5}

Store important files and documents as a preventive measure against data loss due to hard drive failures, stolen devices and even ransomware.

Secure VPN

Browse anonymously and more securely with a no-log Virtual Private Network (VPN). Add bank-grade encryption to help keep your information like passwords and bank account details secure and private.

SafeCam for PC⁵

Alerts you to attempts to access your webcam and helps you block unauthorized access to it.

Credit Alerts¹

Get alerted when there are any major changes to your credit report, such as a closed account, missed payment or use of more of your available credit lines.

Credit Report & Score¹

With monthly access to your Credit Report & Score, you can take the necessary steps to safeguard your financial reputation if you spot inaccuracies that may indicate fraudulent activity.

Dark Web Monitoring[§]

We monitor and notify you if we find your personal information on the Dark Web.

Identity Restoration Support

Should you discover you are a victim of identity theft, Identity Restoration Specialists are on-hand to advise you on the steps you should take and calls to make with relevant parties.

Social Media Monitoring

Helps keep your social media accounts safer by monitoring them for account takeovers, risky activity and inappropriate content.

Stolen Wallet Assist

A stolen wallet could mean a stolen identity. If your wallet is stolen you can call us and our agents will guide you to cancel or replace credit cards, bank cards, driver's licence and other cards.

System Requirements

Windows™ Operating Systems

- Microsoft Windows™ 11 (all versions)
- Microsoft Windows™ 10 (all versions)
- Microsoft Windows™ 8/8.1 (all versions). Some protection features are not available in Windows 8 Start screen browsers
